## SUMMARY

Coming from a background in Building Design, Hannah has a unique approach to access. Through her construction, design and access experience, Hannah brings a versatile knowledge of the built environment to 3D Access.

## OTHER

- Managed the organisation and content of online articles about the importance and intent of accessibility.
- Author – “Negotiating the Built Environment” series of web articles:
  - Doorways;
  - Unisex Accessible Sanitary Facilities;
  - Pathways where a change in direction between 60° - 90° degrees occurs;
  - Circulation spaces at the ends of accessways; and
  - Accessible car parking spaces.

## SPECIALISMS

- Performance Based Solutions
- BCA Technical Advice
- Design Assessments
- Livable Housing Australia (LHA)
- Specialist Disability Accommodation (SDA)
- Access Audits and Inspections
- Disability Action Plans
- Product Reviews
